QUESTIONS AND ANSWERS

What is the purpose of the Annual Meeting?

At the Annual Meeting, stockholders will be asked to vote on the election of nine (9) members of the Board of Directors to serve until the next annual meeting of stockholders and until their successors are duly elected and qualified. The stockholders will also be asked to vote on the ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for the 2008 fiscal year. The stockholders also will transact any other business that properly comes before the meeting.

Who may vote?

You may vote if you were a holder of record of shares of our common stock at the close of business on March 17, 2008 (the record date). On the record date, there were 40,844,176 shares of common stock outstanding. The shares were held by approximately 2,696 holders of record. You are entitled to one vote for each share of common stock held by you as of the record date.

How do I cast my vote?

If you hold the shares in your own name, you can vote in person at the meeting or by signing and dating each proxy card you receive and returning it in the enclosed prepaid envelope. If you vote by proxy, the proxies identified on the back of the proxy card will vote your shares in accordance with your instructions. If you submit a signed proxy card but do not mark the boxes showing how you wish to vote, the proxies will vote your shares **FOR** the proposals.

In addition, Gaylord stockholders can vote using the Internet or by phone. To use the Internet, log onto www.proxyvote.com to transmit your voting instructions up until 11:59 p.m. Eastern time on May 5, 2008 (for shares in Gaylord's 401(k) Savings Plan, the voting deadline is 11:59 p.m. Eastern time on May 4, 2008). Have your proxy card in hand when you access the web site and follow the instructions to obtain your records and to create an electronic voting instruction form. To vote by phone, dial 1-800-690-6903 using a touch-tone telephone up until 11:59 p.m. Eastern time on May 5, 2008 (for shares in Gaylord's 401(k) Savings Plan, the voting deadline is 11:59 p.m. Eastern time on May 4, 2008). Have your proxy card in hand when you call and then follow the instructions.

What if my shares are held in "street name" by a broker?

If you do not own your shares directly, but instead are the beneficial owner of shares held in "street name" by a broker, your broker, as the record holder of the shares, must vote those shares in accordance with your instructions. If you do not give instructions to your broker, your broker can vote your shares with respect to "discretionary" items, but not with respect to "non-discretionary" items. On non-discretionary items for which you do not give instructions, the shares will be treated as "broker non-votes." A discretionary item is a proposal that is considered routine under the rules of the New York Stock Exchange. Shares held in street name may be voted by your broker on discretionary items in the absence of voting instructions given by you. The proposals to be presented at the Annual Meeting are considered routine and therefore may be voted upon by your broker if you do not give instructions for the shares held by your broker.

How are shares in the Company's 401(k) Savings Plan voted?

Participants in the Company's 401(k) Savings Plan are entitled to vote the shares held under the 401(k) Savings Plan in their name. To do this you must sign and timely return the proxy card you received with this Proxy Statement. Your proxy card will be considered your confidential voting instructions, and the 401(k) Savings Plan trustee will direct your vote in the manner you indicate on the proxy card. In order to do this, the proxy results for the shares held in the 401(k) Savings Plan will be tabulated by our transfer agent for all plan participants and reported to the 401(k) Savings Plan trustee on an aggregate basis. The overall vote tallies will not show how individual participants voted. The trustee will vote the shares at the meeting through the custodian holding the shares. If a plan participant's voting instructions are not received by our transfer agent

before the meeting, or if the proxy is revoked by the participant before the meeting, the shares held by that participant will be considered unvoted. All unvoted shares in the plan will be voted at the Annual Meeting by the 401(k) Savings Plan trustee in direct proportion to the voting results of 401(k) Savings Plan shares for which proxies are received.

What shares are included on my proxy card?

Your proxy card represents all shares registered in your name with the transfer agent on the record date, including those shares owned pursuant to the Company's 401(k) Savings Plan.

How many shares must be present to hold the Annual Meeting?

The holders of a majority of the shares of our common stock outstanding on the record date, or 20,422,089 shares, in person or by a valid proxy, must be present at the meeting for any business to be conducted, known as a "quorum." Proxies received but marked as "withhold authority," "abstain" and/or "broker non-votes" will be counted as shares that are present and entitled to vote for purposes of determining the presence of a quorum.

What if a quorum is not present at the Annual Meeting?

If a quorum is not present at the scheduled time of the Annual Meeting, we may adjourn the Annual Meeting, either with or without a vote of the stockholders. If we propose to have the stockholders vote whether to adjourn the meeting, the people named in the enclosed proxy will vote all shares of our common stock for which they have voting authority in favor of the adjournment. We also may adjourn the meeting if for any reason we believe that additional time should be allowed for the solicitation of proxies. An adjournment will have no effect on the business that may be conducted at the Annual Meeting.

How does the Board recommend I vote on each of the proposals?

The Board recommends that you vote: **FOR** the election of the nine (9) nominees to the Board of Directors; and **FOR** the ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for fiscal year 2008.

How do I change my vote?

You can revoke your proxy at any time before the meeting by:

- submitting a later-dated proxy card by mail, internet or phone (as provided above under "How do I cast my vote?");
- giving written notice to Carter R. Todd, the Secretary of the Company, stating that you are revoking your proxy; or
- attending the Annual Meeting and voting your shares in person.

Who will count the votes?

Representatives of Broadridge will count the votes and act as the independent inspectors of the election.

What if I send in my proxy card and do not specify how my shares are to be voted?

If you send in a signed proxy but do not give any voting instructions, your shares will be: (a) voted **FOR** election of the nine (9) nominees to the Board of Directors; and (b) voted **FOR** ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for fiscal year 2008.

How will the proxies vote on any other business brought up at the Annual Meeting?

We are not aware of any business to be considered at the Annual Meeting other than the proposals described in this proxy statement. If any other business is properly presented at the meeting, your signed proxy card authorizes Colin V. Reed, Ralph Horn and Carter R. Todd to use their discretion to vote on these other matters.

What are my voting options on the Election of Directors proposal?

You have three choices on the Election of Directors proposal to be voted upon at the Annual Meeting. You may:

- vote for all of the director nominees as a group;
- withhold authority to vote for all director nominees as a group; or
- vote for all director nominees as a group except those nominees you identify on the appropriate line.

How many votes are required to approve the Election of Directors proposal?

Pursuant to our Bylaws, directors must be elected by a plurality of the votes of the shares present (in person or by proxy) and entitled to vote for the election of directors. This means that the nine (9) nominees receiving the greatest number of votes will be elected as directors. If you withhold authority to vote for a director, your withholding authority will have no effect on the outcome. Broker non-votes also will have no effect on the voting outcome of the election of directors.

How many votes are required to approve the other matters?

For the ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for fiscal year 2008 and any other matter that properly comes before the meeting, the affirmative vote of the majority of the shares present in person or represented by proxy and entitled to vote on such matter is required. A proxy card marked "ABSTAIN" will not be counted "for" or "against" any such matter and, if the matter is non-discretionary, broker non-votes will not be counted "for" or "against" any such matter. If you abstain from voting on the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for fiscal year 2008, your abstention will have the same effect as a vote against the proposal. As noted above, if any other matter properly comes before the meeting, your signed proxy card authorizes Colin V. Reed, Ralph Horn and Carter R. Todd to use their discretion to vote on any such matter.

Is my vote confidential?

Yes. All proxy cards and vote tabulations that identify an individual stockholder are kept confidential. Except to meet legal requirements, your vote will not be disclosed to us unless:

- a proxy solicitation is contested;
- you write comments on the proxy card; or
- you authorize disclosure of your vote.

This policy does not prevent us from ascertaining which stockholders have voted or from taking actions designed to encourage stockholder voting.

How is this proxy solicitation being conducted?

We will bear the cost of soliciting proxies for the Annual Meeting. We have retained Broadridge to assist in the solicitation and will pay approximately \$5,000 for its assistance. Our officers and employees may also solicit proxies by mail, telephone, e-mail or facsimile transmission. They will not be paid additional remuneration for their efforts. Upon request, we will reimburse brokers, dealers, banks and trustees, or their nominees, for reasonable expenses incurred by them in forwarding proxy material to beneficial owners of shares of our common stock.

ELECTION OF DIRECTORS

You may vote on the election of nine (9) directors to the Board of Directors.

The current Board of Directors consists of nine (9) directors. All of our directors are elected annually. Nine (9) directors will be elected at the Annual Meeting. All of the nominees are currently directors. The Board expects all of the nominees named below to be available for election. In case any nominee is not available, the person or persons voting the proxies may vote your shares for such other person or persons designated by the Board if you have submitted a proxy card.

Directors will be elected by a plurality of the shares present (in person or by proxy) and entitled to vote for the election of directors. Corporate Governance

Our business is managed under the direction of the Board of Directors. The Board of Directors delegates the conduct of the business to our senior management team. The Board of Directors held eight meetings

during 2007. All incumbent directors attended at least 75% of the Board meetings and meetings of the committees of the Board on which the directors served during their tenure on the Board.

Our non-management directors meet in regularly scheduled executive sessions, and they selected Ralph Horn to serve as the presiding or lead director of these executive sessions. A description of the duties of the lead director is also posted on our web site at www.gaylordentertainment.com (under "Corporate Governance" on the Investor Relations page).

We have adopted Corporate Governance Guidelines governing the conduct of our Board of Directors. The charters of our Audit Committee, Human Resources Committee and Nominating and Corporate Governance Committee, as well as our Corporate Governance Guidelines, are all posted on our web site at www.gaylordentertainment.com (under "Corporate Governance" on the Investor Relations page).

We have also adopted a Code of Ethics which is applicable to all employees, officers and directors, including the principal executive officer, the principal financial officer and the principal accounting officer. The Code of Ethics is available on our web site at www.gaylordentertainment.com (under "Corporate Governance" on the Investor Relations page). We intend to post amendments to or waivers from our Code of Ethics (to the extent applicable to our directors, chief executive officer, principal financial officer or principal accounting officer) at this location on our website.

We will provide a copy of our Corporate Governance Guidelines, our committee charters or our Code of Ethics (and any amendments or waivers) to any stockholder or other person upon receipt of a written request addressed to Gaylord Entertainment Company, Attn: Corporate Secretary, One Gaylord Drive, Nashville, Tennessee 37214.

Board Member Attendance at Annual Meeting

We strongly encourage each member of the Board of Directors to attend the Annual Meeting of Stockholders. All of the directors then in office attended the 2007 Annual Meeting of Stockholders.

Independence of Directors

Pursuant to our Corporate Governance Guidelines, the Board undertook its annual review of director independence in February 2008. Our Board of Directors determines the independence of its members through a broad consideration of all relevant facts and circumstances, including an assessment of the materiality of any relationship between the Company and a director. In making this assessment, the Board looks not only at relationships from the director's standpoint, but also at relationships of persons or organizations with which the director has an affiliation. In making its determination, the Board of Directors adheres to the requirements of, and applies the standards set forth by, both the New York Stock Exchange (as set forth in Section 303A.02 of the listed company manual) and the Securities and Exchange Commission.

During this review, the Board considered transactions and relationships between each director, or any member of his or her immediate family, and the Company and its subsidiaries and affiliates. The Board also examined transactions and relationships between directors, or their affiliates, and members of the Company's senior management or their affiliates. The purpose of this review was to determine whether any of these relationships or transactions were inconsistent with a determination that the director is independent. As a result of this review, the Board affirmatively determined that, with the exception of Colin V. Reed and Michael D. Rose, all of the current directors of the Company are independent of the Company and its management.

Committees of the Board

The Board has three standing committees to facilitate and assist the Board in the execution of its responsibilities. The committees are currently the Audit Committee, the Human Resources Committee and the

Nominating and Corporate Governance Committee. The table below shows current membership for each of the standing Board committees:

Audit	Human Resources	Nominating and Corporate Governance
R. Brad Martin*	Michael A. Roth*	Ralph Horn*
Michael J. Bender	Ralph Horn	E. Gordon Gee
E. K. Gaylord II	E. Gordon Gee	Ellen Levine
	Ellen Levine	

* Committee Chair

In accordance with New York Stock Exchange listing standards, all the committees are comprised solely of non-employee, independent directors.

The Audit Committee

The Audit Committee is responsible for:

- overseeing the integrity of our financial information, the performance of our internal audit function and system of internal controls and compliance with legal and regulatory requirements relating to preparation of financial information;
- appointing, compensating, retaining and overseeing our independent registered public accounting firm;
- evaluating the qualifications, independence and performance of our independent registered public accounting firm;
- meeting with our independent registered public accounting firm and with our director of internal audit concerning, among other things, the scope of audits and reports; and
- reviewing the work programs of our independent registered public accounting firm and the results of its audits.

The Board has determined that all the members of the Audit Committee are financially literate pursuant to the New York Stock Exchange rules. The Board also has determined that Mr. Martin, Chairman of the Audit Committee, is an “audit committee financial expert” within the meaning stipulated by the Securities and Exchange Commission.

In 2007, the Audit Committee met nine times.

The Human Resources Committee

The Human Resources Committee is responsible for:

- reviewing and approving all compensation policies and programs that benefit employees, including employment and severance agreements, incentive programs, benefits and retirement programs;
- reviewing and approving the Chief Executive Officer’s objectives, performance and compensation;
- administering our equity incentive plan; and
- reviewing and approving compensation for executive officers and directors.

The Committee has also delegated to the Chief Executive Officer the authority to make limited equity grants to new members of the Company’s management team to allow such grants to be made in a timely manner, as the Committee generally only meets on a quarterly basis. Equity grants under this delegation of authority may only be made as initial equity grants to newly hired executives (other than officers subject to Section 16 of the Securities Exchange Act of 1934) and on the same terms and conditions as were applied by the Committee in its most recent prior equity grants. In addition, equity grants under this delegation of authority to any one executive are limited to 12,500 shares granted as stock options (or similar awards such as

stock appreciation rights) or 6,250 restricted shares (or similar awards such as restricted stock units or performance shares).

For additional information regarding the Committee's processes and procedures for considering and determining executive and director compensation, see "Compensation Discussion and Analysis" below. The Committee engages a competent executive compensation consultant, who is independent of conflicts with Board members or Company management. The compensation consultant assists the Committee in determining if its strategies and plans are advisable based on the Company's current financial position and strategic goals, as well as developments in corporate governance and compensation design. Each year, at the Committee's request, the compensation consultant performs several analyses, including internal pay equity, updating of the executive salary structure and modeling of executive compensation levels at different levels of Company performance, to assist the Committee in its review. In 2007, the Human Resources Committee met five times.

The Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee is responsible for:

- developing and recommending criteria for the selection of new directors and recommending to the Board nominees for election as directors and appointment to committees;
- developing and recommending changes and modifications to our corporate governance guidelines and a code of conduct to the Board;
- monitoring and enforcing compliance with our corporate governance guidelines, certain provisions of our code of conduct and other policies; and
- advising the Board on corporate governance matters.

In 2007, the Nominating and Corporate Governance Committee met four times.

A formal Board evaluation covering Board operations and performance, with a written evaluation from each Board member, is conducted annually by the Nominating and Corporate Governance Committee to enhance Board effectiveness. Recommended changes are considered by the full Board. In addition, each Board committee conducts an annual self-evaluation.

The Nominating and Corporate Governance Committee considers candidates for Board membership recommended by its members and other Board members, as well as by management and stockholders. To date the Committee has not engaged a third party to identify prospective nominees. The Committee will only consider stockholder nominees for Board membership submitted in accordance with the procedures set forth below in "Additional Information — Stockholder Nominations of Candidates for Board Membership."

Once the Nominating and Corporate Governance Committee has identified a prospective nominee, the Committee makes an initial determination as to whether to conduct a full evaluation of the candidate. This initial determination is based on whatever information is provided to the Committee with the recommendation of the prospective candidate, as well as the Committee's own knowledge of the prospective candidate, which may be supplemented by inquiries to the person making the recommendation or others. The preliminary determination is based primarily on the need for additional Board members to fill vacancies or expand the size of the Board and the likelihood that the prospective nominee can satisfy the evaluation factors described below. If the Committee determines, in consultation with the Chairman of the Board and other Board members as appropriate, that additional consideration is warranted, it may request additional information about the prospective nominee's background and experience. The Committee then evaluates the prospective nominee against the following standards and qualifications:

- the ability of the prospective nominee to represent the interests of our stockholders;
- the prospective nominee's standards of integrity, commitment and independence of thought and judgment;

- the prospective nominee’s ability to dedicate sufficient time, energy and attention to the diligent performance of his or her duties, including the prospective nominee’s service on other boards; and
- the extent to which the prospective nominee contributes to the range of knowledge, skill and experience appropriate for the Board.

The Nominating and Corporate Governance Committee also considers such other relevant factors as it deems appropriate, including the current composition of the Board and the evaluations of other prospective nominees. In connection with this evaluation, the Committee determines whether to interview the prospective nominee, and if warranted, one or more members of the Committee, and others as appropriate, will interview prospective nominees in person or by telephone. After completing this evaluation and interview, the Committee makes a recommendation to the full Board as to the persons who should be nominated by the Board, and the Board determines the nominees after considering the recommendation and report of the Committee.

New directors participate in an orientation program that includes discussions with senior management, background materials on our strategic plan, organization and financial statements and visits to our facilities. We encourage each director to participate in continuing educational programs that are important to maintaining a director’s level of expertise to perform his or her responsibilities as a Board member.

Compensation Committee Interlocks and Insider Participation

The Human Resources Committee (which functions as our compensation committee) is comprised entirely of independent directors. In addition, there are no relationships among our executive officers, members of the Human Resources Committee or entities whose executives serve on the Board of Directors or the Human Resources Committee that require disclosure under applicable regulations of the Securities and Exchange Commission.

(1) The dollar amount listed in this column represents retainer fees actually paid in cash to each director or deferred pursuant to the Director Deferred Compensation Plan, described more fully below. The annual retainer fee for service on the Board of Directors and its committees is payable quarterly. Due to the timing of the payments, changes in committee assignments in 2007 and the change in the Board annual retainer described below, the amounts listed in this column may not necessarily correspond to the amounts listed below under “Cash Compensation of Directors.”

- (2) Represents the proportionate amount of the total value of stock awards to directors recognized as an expense during 2007 for financial accounting purposes under SFAS 123R, disregarding for this purpose the estimate of forfeitures relating to service-based vesting conditions. See Note 11 to our consolidated financial statements for the three years ended December 31, 2007, included in our Annual Report on Form 10-K for the year ended December 31, 2007 filed with the Securities and Exchange Commission on February 28, 2008, for the assumptions made in determining SFAS 123R values. The SFAS 123R value as of the grant date for stock awards is spread over the number of months of service required for the grant to become non-forfeitable, so the ratable amounts expensed for the 2007 grant, as well as prior-year grants, are included in this column. As described more fully below in "Equity Compensation of Directors" below, on May 3, 2007, each director listed above received an annual grant of 1,500 restricted stock units, which will vest fully on May 3, 2008. The grant date fair value of the stock award to each director was \$83,475.
- (3) Represents the proportionate amount of the total value of option awards to directors recognized as an expense during 2007 for financial accounting purposes under SFAS 123R, disregarding for this purpose the estimate of forfeitures relating to service-based vesting conditions. See Note 11 to our consolidated financial statements for the three years ended December 31, 2007, included in our Annual Report on Form 10-K for the year ended December 31, 2007 filed with the Securities and Exchange Commission on February 28, 2008, for the assumptions made in determining SFAS 123R values. The SFAS 123R value as of the grant date for option awards is spread over the number of months of service required for the grant to become non-forfeitable, so the ratable amounts expensed for prior-year grants are included in this column. As described more fully below in "Equity Compensation of Directors", prior to 2007 each director listed above received an annual grant of options and an initial grant of options upon election to the board of directors. At December 31, 2007, the aggregate number of option awards held by each director listed above was as follows: Michael Bender — 17,500; E.K. Gaylord II — 206,500; E. Gordon Gee — 37,000; Ralph Horn — 37,000; Ellen Levine — 20,000; R. Brad Martin — 0; Michael D. Rose — 210,000; and Michael I. Roth — 25,000.
- (4) Mr. Gaylord, Mr. Horn and Mr. Martin have elected to defer their annual retainer for service on the Board and committees pursuant to the Company's Director Deferred Compensation Plan described in "Cash Compensation of Directors" below. No amount is reported in this column as a result of the fact that above-market or preferential earnings are not available under such plan.
- (5) Mr. Rose agreed to serve as Chairman of the Executive Committee of the Board of Directors pursuant to an agreement with the Company which expires on May 1, 2009. The amount set forth above under the heading "Fees Earned or Paid in Cash" represents the cash compensation paid to Mr. Rose pursuant to this agreement. The amount set forth above under the heading "All Other Compensation" represents the value of the other compensation paid to Mr. Rose pursuant to this agreement and is comprised of the following: Company 401(k) plan matching contributions — \$2,820; premiums for group term life insurance not generally made available to the other officers or employees of the Company — \$4,908; premiums for long-term disability insurance not generally made available to the other officers or employees of the Company — \$2,367; car allowance — \$12,600; payment of business expenses, including office rental — \$29,653; financial counseling and tax preparation services — \$15,000; and executive physical examination fees — \$814.
- (6) Mr. Bowen did not stand for re-election to the Company's Board of Directors at the Company's 2007 Annual Meeting of Stockholders held on May 3, 2007.

Cash Compensation of Directors. The Human Resources Committee reviews and recommends the compensation for directors. Directors who are not employees of the Company are compensated for their service as a director as follows:

<u>Compensation Item</u>	<u>Amount</u>
<i>Fees Payable to All Directors</i>	
Annual Retainer	\$ 50,000
<i>Fees Payable to Audit Committee Members</i>	
Audit Committee Chair	20,000
Other Audit Committee Members	10,000
<i>Fees Payable to Human Resources Committee Members</i>	
Human Resources Committee Chair	12,500
Other Human Resources Committee Members	7,500
<i>Fees Payable to Nominating and Corporate Governance Committee Members</i>	
Nominating and Corporate Governance Committee Chair	12,500
Other Nominating and Corporate Governance Committee Members	7,500

In addition, each non-employee director receives a fee of \$1,500 for attending each meeting of the Board of Directors.

Pursuant to the Company's Director Deferred Compensation Plan, non-employee directors may defer the fees described above into this plan until their retirement or resignation from the Board. Earnings on fees deferred under this plan accrue based on either, at the participant's election, the performance of the Company's common stock or the performance of a pre-determined investment allocation. Currently three directors (Messrs. Gaylord, Horn and Martin) participate in this plan.

Directors who are employed by the Company do not receive cash compensation for their service as directors. As described above, Mr. Rose receives cash compensation pursuant to the terms of his agreement with the Company pursuant to which he agreed to serve as Chairman of the Executive Committee of the Board of Directors. All directors are reimbursed for expenses incurred in attending meetings.

Equity Compensation of Directors. Each newly-elected non-employee director receives a grant of 3,000 restricted stock units, vesting fully on the first anniversary of the date of grant, pursuant to our 2006 Omnibus Incentive Plan, described below. In addition, each non-employee director as well as Mr. Rose receives, as of the date of the first board meeting following our annual meeting of stockholders, an annual grant of 1,500 restricted stock units, vesting fully on the first anniversary of the date of grant, pursuant to our 2006 Omnibus Incentive Plan.

Until restricted stock units vest and shares of common stock are issued in conversion of the restricted stock units, the director does not have any rights as a stockholder of the Company with respect to such shares, other than the right to receive a cash payment equal to any dividends paid on the common stock. The restricted stock units permit a director to defer the issuance of the common stock to be issued upon conversion of the restricted stock units to a specific date in the future or until the director's date of retirement from the Board of Directors, whichever comes first. Shares of common stock issued upon conversion of restricted stock units must be held until six months after the conclusion of a director's service on the Board of Directors.

Prior to 2007, newly-elected non-employee directors received a one-time grant of a non-qualified stock option to purchase 10,000 shares of common stock at an exercise price equal to the closing sales price of our common stock on the date prior to the grant date, vesting ratably over a four-year period, with one-fourth vesting annually beginning the first year after the date of grant. In addition, prior to 2007, each non-employee director received, as of the date of the first board meeting following our annual meeting of stockholders, an annual grant of a non-qualified stock option to purchase 5,000 shares of common stock, at an exercise price equal to the closing sales price of our common stock on the date prior to the grant date, vesting on the first anniversary of the award date. These options generally had a term of ten years.

Director Stock Ownership Guidelines. In 2006, the Board of Directors adopted stock ownership guidelines for non-employee directors. The guidelines provide that directors must hold a minimum of 5,000 shares of our common stock, with a five-year time period from the date of adoption of the guidelines in which to comply with such requirement. Unvested shares of restricted stock or shares of common stock issuable upon conversion of outstanding restricted stock units will be credited toward this requirement.

- each of our directors and director nominees;
- each of our named executive officers (the executive officers named in the Summary Compensation Table below);
- each person who is known by us to beneficially own more than five percent of the outstanding shares of our common stock; and

Unless otherwise indicated, each person or entity named in the table has sole voting and investment power, or shares voting and investment power with his or her spouse, with respect to all shares of stock listed as owned by that person. The number of shares shown does not include the interest of certain persons in shares held by certain family members in their own right. Shares issuable upon the exercise of options that are exercisable within 60 days of March 1, 2008 or the vesting of restricted stock units which are scheduled to vest within 60 days of March 1, 2008 are considered outstanding for the purpose of calculating the percentage of outstanding shares of our common stock held by the individual, but not for the purpose of calculating the percentage of outstanding shares held by any other individual. Unless otherwise indicated, the address for each person listed in the table is our principal office.

COMPENSATION DISCUSSION AND ANALYSIS

Overview

The Human Resources Committee (the “Committee”) of the Board has responsibility for establishing, implementing and continually monitoring adherence to the Company’s compensation philosophy. The Committee ensures that the total compensation paid to the Company’s named executive officers and the other senior executive officers is fair, reasonable and competitive. The Committee is also responsible for overseeing the Board’s and management’s evaluation of the performance of the named executive officers and administering the Company’s cash- and equity-based incentive plans. The Committee undertakes these responsibilities pursuant to a written charter adopted by the Committee and the Board, which is reviewed at least annually by the Committee. The Committee’s charter may be viewed in full on the Company’s website, www.gaylordentertainment.com (under “Corporate Governance” on the Investor Relations page).

The Committee is comprised solely of “non-employee directors” as defined in Rule 16b-3 of the rules promulgated under the Securities and Exchange Act of 1934, as amended, “outside directors” for purposes of regulations promulgated pursuant to Section 162(m) of the Internal Revenue Code of 1986, as amended, and “independent directors” as defined in Section 303A.02 of the New York Stock Exchange corporate governance listing standards, in each case as determined by our Board of Directors. In addition to a determination of independence, the Nominating and Governance Committee of our Board recommends Committee membership based on such knowledge, experience and skills that it deems appropriate in order to adequately perform the responsibilities of the Committee.

The Decision-Making Process and the Role of Executive Officers in Compensation Decisions

The Committee makes all compensation decisions for the Company's named executive officers. The Company's Chief Executive Officer annually reviews the performance of each named executive officer (other than the Chief Executive Officer, whose performance is reviewed by the Committee). Recommendations based on these reviews are discussed with the Committee. The Committee then discusses and approves compensation for each named executive officer, based on such factors as the compensation analysis performed by the Committee's external compensation consultant, the Chief Executive Officer's assessment of individual performance and the Company's performance. Since 2007, the Committee has engaged Watson Wyatt & Company ("Watson Wyatt") to assist us in reviewing the Company's compensation strategies and plans.

The process is similar for determining compensation for the Chief Executive Officer, except that the Chief Executive Officer does not provide the Committee with a recommendation. The Chief Executive Officer presents a self-assessment of his performance during the year to the Committee, which then meets in executive session to discuss and set his compensation, based on the compensation analysis performed by the Committee's external compensation consultant and the Committee's assessment of the Chief Executive Officer's performance and the Company's performance.

Compensation Philosophy and Objectives

The Committee believes that the most effective executive compensation program is one that rewards the achievement of specific annual and long-term goals by the Company and which aligns the named executive officers' interests with those of the stockholders by rewarding performance commensurate with achievement, with the ultimate objective of increasing stockholder value. The Committee evaluates compensation to ensure that the Company maintains its ability to attract and retain superior employees, including each named executive officer, in key positions, and that compensation provided to these employees is competitive in the marketplace. The principal objective of the Company is to maximize stockholder value through the development and enhancement of the Company's business.

To further that objective, the Company's executive compensation program is designed to:

- attract, retain and reward management personnel by providing competitive pay for each position, with a goal of generally establishing total compensation in the range of the 50th to 75th percentile of total compensation data, based on a broad-based study of compensation market-wide (using a regression analysis to adjust for differences in Company size) provided by the Committee's compensation consultant, as described in more detail below;
- align executive and stockholder interests by rewarding performance that enhances stockholder value; and
- provide appropriate incentives for executives to achieve Company, business unit and individual performance goals.

The Committee believes that a substantial portion of each named executive officer's compensation should be based on the Company's performance achievements, as well as the named executive officer's own performance compared to relevant goals. The Committee's compensation philosophy for each named executive officer, therefore, emphasizes an overall analysis of the executive's performance for the year, projected role and responsibilities, required impact on execution of Company strategy, external pay practices and total cash and total direct compensation positioning, as well as other factors the Committee deems appropriate. Our philosophy also considers employee retention, vulnerability to recruitment by other companies and the difficulty and costs associated with replacing executive talent.

Compensation Programs for 2007

In determining total compensation for 2007, the Committee relied on the results of its assessment of the performance, responsibilities, expectations and experience of each named executive officer. The Committee also relied upon data derived from a market-wide study of compensation (using a regression analysis to adjust for differences in Company size) provided by Hewitt Associates, and, with respect to the Chief Executive

Officer and Chief Financial Officer, the compensation consultant's analysis and comparison of the compensation of these executives to a peer group composed of the following eight companies from the lodging industry:

- Boyd Gaming Corporation
- Choice Hotels International, Inc.
- Hilton Hotels Corporation
- Host Marriott Corporation
- Marriott International, Inc.
- Starwood Hotels & Resorts Worldwide, Inc.
- Vail Resorts, Inc.
- Wyndham Worldwide Co.

These companies were selected as peers for compensation comparison purposes because of their similarity to the Company in terms of size (revenues, market capitalization, number of employees and/or operating income), their industry classification and the existence of publicly available data. The reduction in size of the Company's peer group from previous years is due to the significant amount of mergers and acquisitions activity in the lodging industry. The peer group study reviewed the competitive pay practices of the peer companies, primarily using publicly available 2006 proxy statement data.

The components of total executive compensation for 2007 are described in detail below. The primary components of the 2007 program were cash compensation, consisting of a mix of base salary and annual cash incentive plan compensation, as well as long-term equity incentives, consisting of stock options with time-based vesting. In establishing the level of long-term equity incentives awarded in 2007, the Committee took into account the impact of the grant in 2003, and ultimate vesting in February 2008, of the performance-accelerated restricted stock unit awards described below. The Company also provides retirement benefits and certain perquisites and other personal benefits.

Target Total Compensation. In 2007 the Committee generally attempted to provide a total compensation package to each named executive officer that was consistent with total compensation in the 50th percentile of total compensation data, based on a broad-based study of compensation market-wide (using a regression analysis to adjust for differences in Company size) provided by the Committee's compensation consultant. In certain cases the Committee identified an individual named executive officer as deserving of a more competitive level of total compensation based on individual performance or upon the need to retain the executive. In assessing individual performance for each named executive officer, the Company establishes strategic goals specific to that officer's role with the Company. The Board of Directors creates the overall strategic direction for the Company and establishes individual strategic objectives of the Chief Executive Officer. Individual strategic goals for each of the other named executive officers are then established to support the overall Company goals, but tailored to the officer's area of control. These strategic goals may include financial goals or qualitative goals such as specific operational achievements. In these cases the Committee generally attempted to establish such named executive officer's total compensation in a range of the 50th to the 75th percentile of total compensation data from the compensation study.

In 2007, each named executive officer's total compensation package consisted of three primary elements:

- base salary, which reflected individual performance and was designed primarily to be competitive with comparable positions at other companies as described above;
- annual performance awards payable in cash and primarily based on the financial performance of the Company (or, in the case of Mr. Caparella, net room nights booking goals for the Company's Gaylord Hotels operating division), in accordance with the goals established by the Committee; and

- long-term equity incentive awards designed to align the interests of the named executive officers and our stockholders.

There is no pre-established policy or target for the allocation between either cash and non-cash or short-term and long-term incentive compensation. Rather, the Committee reviews information provided by its compensation consultant to determine the appropriate level and mix of incentive compensation. Income from such incentive compensation is realized only as a result of the performance of the Company or the individual, depending on the type of award, compared to established goals. Historically, and in fiscal 2007, the Committee granted a majority of total compensation to the Company's executive officers in the form of incentive compensation.

Base Salary. We seek to provide base salaries for our named executive officers that provide a secure level of guaranteed cash compensation in accordance with their experience, professional status and job responsibilities. The 2007 base salary compensation of the Company's named executive officers was based on the factors described above. Base salaries were adjusted by the Committee, however, to reflect other factors such as an individual named executive officer's achievement of individual performance objectives and base salary during the prior year. Base salaries for 2007 were as follows:

Name	2007 Base Salary(1)	2006 Base Salary	Percentage Increase
Colin V. Reed	\$ 865,280	\$ 832,000	4.0%
David C. Kloeppel	525,000	494,000	6.3%
John P. Caparella(2)	425,000	350,000	21.4%
Mark Fioravanti(3)	250,000	333,000	(24.9)%
Carter R. Todd	280,000	270,000	3.7%

(1) Effective April 1, 2007.

(2) The increase in Mr. Caparella's base salary from 2006 to 2007 was primarily due to the Committee's recognition of Mr. Caparella's increased responsibilities as chief operating officer of our Gaylord Hotels operating division.

(3) The decrease in Mr. Fioravanti's base salary from 2006 to 2007 was in connection with Mr. Fioravanti's assumption of his position as Senior Vice-President and Treasurer. Previously, Mr. Fioravanti was Executive Vice-President and President of the Company's ResortQuest vacation rental management business, which was divested in 2007.

Annual Cash Incentive Compensation. The Company's named executive officers and other employees participate in the Company's cash incentive plan in accordance with stockholder-approved criteria specified in our omnibus incentive plans. Currently, the annual cash incentive plan is designed to motivate the named executive officers by directly linking the payment of cash incentive compensation to the attainment of designated Company earnings per share ("EPS") levels. The Committee may determine whether adjustments should be made to reflect non-recurring or extraordinary items affecting the Company's EPS calculated in accordance with applicable accounting rules. The annual cash incentive compensation for all of the named executive officers other than Mr. Caparella is based solely on the level of achievement of Company adjusted EPS. Mr. Caparella's annual cash incentive compensation is based 75% on the level of achievement of Company adjusted EPS and 25% on the level of achievement of designated net room night booking goals for our Gaylord Hotels operating division. When awarding annual cash incentive compensation, the Committee also considers whether the named executive officer's individual strategic objectives were met. The Committee also has the policy that an executive officer is not eligible for annual cash incentive compensation unless he or she achieves a "meets" expectations or greater individual annual performance rating. The Committee has the discretion under the Company's Incentive Compensation Plan to lower a participant's annual cash bonus in the event the Committee is not satisfied that the individual satisfied his or her annual performance objectives.

The Committee approved the specific financial performance goals for the Company and each division and the amounts of the bonus pools to be established upon attainment of these goals for 2007. The Committee also approved the following potential bonus award opportunities (set as a percentage of base salary) for each named executive officer for 2007:

Level of Achievement of Performance Goals Under Plan	Percentage of Base Salary Payable as Incentive Bonus Upon Achievement of Applicable Performance Goals Under Plan				
	Colin V. Reed	David C. Kloeppel	John P. Caparella	Mark Fioravanti	Carter R. Todd
Threshold Performance Goal	50%	37.5%	30%	22.5%	25%
Target Performance Goal	100%	75%	60%	45%	50%
Stretch Performance Goal	150%	112.5%	90%	67.5%	75%

The Company's "threshold" adjusted EPS performance goal is the goal established by the Committee meriting the payment of the minimum cash incentive award opportunity established by the Committee. The Company's "target" adjusted EPS performance goal is the goal established by the Committee meriting the payment of the target cash incentive award opportunity established by the Committee. The Company's "stretch" adjusted EPS performance goal is the goal established by the Committee meriting the payment of the maximum cash incentive award opportunity established by the Committee. The actual adjusted EPS performance goals for 2007 were established by the Committee as follows:

Performance Goal	Level of Achievement of Company Adjusted EPS	
"Threshold" Performance Goal:	\$	0.0570
"Target" Performance Goal:	\$	0.0912
"Stretch" Performance Goal:	\$	0.2350

The percentage of salary awarded for performance falling between the "threshold" and "target" goals and the "target" and "stretch" goals is based on actual results achieved using straight-line interpolation. Similarly, the net room night booking goals for our Gaylord Hotels operating division established for Mr. Caparella were established at the "threshold" (1,552,362 net room nights), "target" (1,724,847 net room nights) and "stretch" (1,897,332 net room nights) levels.

The Company's actual adjusted EPS for 2007 was \$0.29, and our Gaylord Hotels division's net room night booking achievement was 1,973,835 net room nights. Thus, the "stretch" performance goals were obtained. However, at its February 2008 meeting, the Committee analyzed the Company's 2007 financial performance in detail and concluded that because of extraordinary events in 2007, it was more appropriate to pay bonuses in respect of the EPS targets based on a level of achievement at the midpoint between the "target" performance level and the "stretch" performance level (with respect to the 25% of Mr. Caparella's cash incentive compensation based on designated net room nights booking goals for our Gaylord Hotels operating division, Mr. Caparella received the full "stretch" payment since we surpassed our stretch performance goal). For example, the Committee concluded that a portion of the Company's 2007 EPS increase resulted from interest expense savings because of the divestitures of the Company's ResortQuest and Bass Pro Shop businesses as well as interest expense savings resulting from the refinancing of the Company's primary credit facility. The Committee also took note of the recent decline in the Company's stock price. For these reasons and others, the following cash incentive plan compensation was awarded to our named executive officers in February 2008: Colin V. Reed (\$1,060,266); David C. Kloeppel (\$485,021); John P. Caparella (\$314,461); Mark Fioravanti (\$180,063); and Carter R. Todd (\$173,459).

For the annual financial and operating objectives in 2007 for our named executive officers under our cash incentive plan, the Committee set the adjusted EPS target goal at our projected adjusted EPS level for 2007 and (in the case of Mr. Caparella the designated net room nights target at the projected net room nights booking goal for 2007), as the Committee believed that achieving these goals would represent a significant step in meeting the Company's long-term strategic and financial objectives. The Committee set the adjusted EPS and net designated room nights targets for 2007 at levels which it believed would represent satisfactory levels of growth based on these objectives. In making determinations of the desired "threshold", "target" and "stretch" performance goals for these financial and operational measures, the Committee also considered the

general economic climate and the specific market conditions that the Company was likely to face in the applicable time period. The Committee also attempted to set the “threshold”, “target” and “stretch” performance goals for the Company cash incentive plan to ensure that the relative level of difficulty of achieving these levels was generally consistent from year to year.

Long-Term Equity Incentive Compensation. The Committee believes that a powerful way to align the long-term interests of the named executive officers with those of stockholders is to award equity-based compensation, which may take the form of stock options, restricted stock, restricted stock unit awards or other equity-based awards pursuant to the terms of the Company’s omnibus incentive plans. Further, a significant percentage of each named executive officer’s targeted total compensation is allocated to incentive compensation, including equity-based incentive compensation. The equity-based incentive compensation currently utilized by the Committee is described below.

The Company makes stock option awards pursuant to the 2006 Omnibus Incentive Plan, and prior to adoption of this plan, the Company made such awards pursuant to the Company’s 1997 Omnibus Stock Option and Incentive Plan. Annual stock option award levels vary among participants based on their positions within the Company and are granted at the Committee’s regularly scheduled February meeting. Eligible newly hired executives receive awards of stock options as of the first business day of the month following their hire date, while eligible newly promoted employees receive awards of stock options or restricted stock at the next regularly scheduled Committee meeting on or following their promotion date. Options have been awarded at an exercise price equal to the closing sales price of the Company’s common stock on the date prior to the grant date. With the exception of grants made on February 4, 2008 (the exercise price of which grants exceeded the fair market value of our common stock at the time of grant, as described below), the Committee has never granted options with an exercise price determined in any manner other than as set forth above. During 2006, the Company’s internal audit staff undertook a review of the Company’s historical grant practices which confirmed the Company’s consistent adherence to this principle.

Each option award is evidenced by a written agreement between the Company and the employee. Stock options awarded generally vest ratably over a four-year period, with one-fourth vesting annually beginning on the first anniversary of the date of grant, and have a 10-year term. Prior to the exercise of an option, the holder has no rights as a stockholder with respect to the shares subject to such option, including voting rights and the right to receive dividends or dividend equivalents.

Stock option award levels in 2007 for the Company’s named executive officers were consistent with the market-based 2007 compensation targets identified with the advice of the compensation consultant. During February 2007, we granted non-qualified options to purchase the Company’s common stock to our named executive officers as follows:

Name	Shares Subject to Time-Based Vesting Option Grant	Exercise Price(1)
Colin V. Reed	75,000	\$ 56.14
David C. Kloeppel	30,000	\$ 56.14
John P. Caparella	30,000	\$ 56.14
Mark Fioravanti	10,000	\$ 56.14
Carter R. Todd	10,000	\$ 56.14

(1) The exercise price per share was equal to the closing sales price of the common stock on the date immediately preceding the date of grant.

See “Potential Payments on Termination or Change of Control” for a description of the vesting and exercise provisions of each named executive officer’s stock option awards and restricted stock awards in connection with the termination of each named executive officer’s employment with the Company.

In 2003 the Company established the Performance Accelerated Restricted Stock Unit Program (the “PARSUP Program”). Restricted stock unit awards under the PARSUP Program were made in 2003 to designated key employees of the Company (including all of our current named executive officers), with the goal of providing a “front-loaded” equity grant that provided five years’ worth of 40% of these executives’ long-term incentive award opportunity in one grant. Grants pursuant to the PARSUP Program were intended to

replace long-term incentive equity grants that otherwise would have been made in each of the 2003 through 2007 fiscal years. The awards had a five-year performance/retention period, such that the restricted stock unit awards would vest in full and shares of common stock would be issued in conversion thereof on February 1, 2008. The awards were eligible for earlier performance vesting in 25% increments beginning in 2004 if during the applicable fiscal year the Company met both of the following performance goals approved by the Committee in any such year: (i) exceeding the Company's budgeted financial performance by greater than five percent; and (ii) achieving a total stockholder return greater than the 60th percentile of a designated competitive peer group. None of the restricted stock unit awards under the PARSUP Program vested early because the applicable performance targets were not met. On February 1, 2008 the restricted stock unit awards held by all named executive officers fully vested, except for the restricted stock units held by Mr. Reed. Mr. Reed elected, pursuant to the terms of the PARSUP Program, to defer vesting of the restricted stock units. Since 2003 no additional grants of restricted stock unit awards under the PARSUP Program have been made other than in connection with a participant's promotion or the addition of a new key employee. The following 2003 restricted stock unit awards under the PARSUP Program were held by each named executive officer prior to their vesting on February 1, 2008:

Name	Number of Restricted Stock Unit Awards Under PARSUP Program
Colin V. Reed	170,000
David C. Kloeppel	70,000
John P. Caparella	35,000
Mark Fioravanti	35,000
Carter R. Todd	22,500

The Company may also from time to time make grants of restricted stock awards pursuant to the 2006 Omnibus Incentive Plan, and prior to adoption of this plan, the Company made such awards pursuant to the Company's 1997 Omnibus Stock Option and Incentive Plan. These awards are primarily made in connection with an employee's promotion or assumption of additional job duties. Restricted stock awards, when made, generally vest over a four year period, with one-fourth vesting annually beginning on the first anniversary of the date of grant. Prior to vesting, the holder of a restricted stock award would have rights as a stockholder with respect to shares (including as to dividends or other distributions), but may not sell or otherwise dispose of such shares. In 2007, no restricted stock awards were made to any named executive officer.

Stock Ownership Guidelines. To directly align the interests of senior executive officers with the interests of the stockholders and to ensure that they maintain a significant portion of their long-term equity incentive awards, the Committee requires that the Company's senior executives, including the named executive officers, maintain a minimum ownership interest in the Company. The value of the Company's stock (as a multiple of the named executive officers' base salary) required to be owned is as follows:

Executive Officer	Multiple of Base Salary
Mr. Reed	5x
Messrs. Kloeppel and Caparella	3x
Messrs. Fioravanti and Todd	2x

The named executive officers are required to achieve these ownership requirements by December 31, 2011 (five years from the adoption of the requirement). Shares that are either owned directly (including restricted shares of common stock or restricted stock units, whether vested or not) or indirectly through savings plans sponsored by the Company are included in determining whether an individual attains the minimum ownership guidelines. Shares that are subject to unexercised stock options are not included.

Retirement Plans. The Company currently maintains a tax-qualified 401(k) retirement savings plan (the "401(k) Savings Plan"). The 401(k) Savings Plan enables our employees to contribute a portion of their annual salary, subject to a limit prescribed by the Internal Revenue Service (the "IRS"), to the 401(k) Savings Plan on a before-tax basis. The Company's named executive officers, along with certain other highly compensated

employees, may contribute the lesser of up to 40% of annual salary on a before-tax basis or an IRS-prescribed limit. The Company makes matching contributions of 100% of each participant's contributions, up to five percent of the participant's pay. All Company matching contributions are fully vested upon contribution.

Participants in the 401(k) Savings Plan may choose to invest their account balances from an array of investment options as selected by plan fiduciaries from time to time, plus a Company stock fund. Participants can daily change their investment selections prospectively by contacting the 401(k) Savings Plan's trustee.

In addition to the 401(k) Savings Plan, the named executive officers, in addition to certain other eligible executive officers, are entitled to participate in an unfunded, unsecured deferred compensation plan (the "Supplemental Deferred Compensation Plan"). The Supplemental Deferred Compensation Plan, deferrals of compensation under the plan by each named executive officer and Company matching obligations under the plan are discussed in further detail under "Nonqualified Deferred Compensation" below. The Company believes that this plan provides an important retirement savings vehicle for senior executive officers.

The Company has also agreed to pay Mr. Reed a supplemental executive retirement plan benefit ("SERP"). This benefit is discussed in further detail under "Nonqualified Deferred Compensation" below. This benefit was essential, in the Committee's view, to attracting Mr. Reed to employment with the Company and has proved valuable in securing his extended employment as well.

Perquisites and Other Personal Benefits. The Company provides the named executive officers with a limited number of perquisites and other personal benefits whose primary purpose is to minimize distractions from the executives' attention to important Company initiatives. The Company and the Committee believe the perquisites and other personal benefits provided to the named executive officers are reasonable and consistent with its overall compensation program to better enable the Company to attract and retain superior employees for key positions.

We provide the following perquisites to the named executive officers, all of which are quantified in the Summary Compensation Table below:

- Reimbursement for financial counseling and tax preparation, car allowance and additional life and disability insurance benefits not available to all employees generally. We believe these benefits allow executives to devote additional time and energy to our business.
- In the case of the Chief Executive Officer, limited personal use of Company aircraft. We believe that this benefit provides better security for the Chief Executive Officer and allows him to devote additional time to Company business. When Company aircraft is used, the amount of personal use is calculated using the Standard Industry Fare Level ("SIFL") rate. If the Chief Executive Officer's spouse or other guest accompanies him, that person's personal use of the aircraft is considered a personal benefit to him. This benefit is generally taxable to the Chief Executive Officer.
- Reimbursement for physical examinations. This benefit is intended to encourage executives to protect their health.

Compensation Decisions for 2008

During 2007, the Committee undertook a detailed study of long-term incentive compensation to the Company's senior executives, including the named executive officers, with the assistance of Watson Wyatt, with a focus on the 2008 through 2011 fiscal years. The impetus for this review was the Committee's belief that it was important to consider the elements of a new long-term incentive plan given several factors, including the vesting of restricted stock unit awards under the PARSUP Program in early 2008, and the level of merger and acquisition activity in the Company's industry, which significantly reduced the number of companies in the Company's peer group and increased opportunities for the Company's senior executive officers for enhanced compensation levels in competitive positions. Based on its review, in November 2007 the

Committee designed a long-term incentive plan intended to meet the objectives expressed in “— Compensation Philosophy and Objectives” above. Specifically, the Committee wanted to:

- Provide competitive equity-based awards with an opportunity for senior management to receive long-term incentive compensation at the 75th percentile of the Company’s peer group and in the overall hospitality industry, provided designated Company financial goals are met.
- Emphasize continued employment with the Company through 2011 as fundamental to receiving value from the long-term incentive compensation awards.

Initially, the Committee determined that the most appropriate equity-based component of the long-term incentive plan would be stock options with vesting based on a combination of elapsed time from grant and Company performance in terms of annual growth rate in consolidated cash flow and cumulative cash earnings per share. The Committee believed that this component would most properly ensure effective alignment with shareholders’ interests and would facilitate control of accounting costs associated with the longer term incentive opportunities.

However, after the Committee’s November 2007 meeting, there were increasing signs that the United States economy was slowing considerably, as problems in the mortgage-backed securities market began to result in a notable tightening of credit availability. This hastened the decline of key real estate markets following the significant growth in the domestic real estate market from 2000 to 2007. Over the period of time from October 31, 2007 to January 31, 2008, the Dow Jones Industrial Average lost over nine percent of its value, and certain major hospitality stocks declined by 12%-25% over this period. In addition, the Company’s stock price had seen a similar decline in value over the same period. The Committee believed these changes were a prolonged sector correction for the lodging industry but did not believe that the Company’s stock price accurately reflected its actual value. As a result, at its meeting on February 4, 2008 the Committee elected to implement a long-term incentive compensation program for senior management which utilized a combination of performance-based restricted stock units and time-vested non-qualified stock options.

The Committee designed the performance-based restricted stock unit grants to reinforce retention and motivate the Company’s senior management team to achieve superior returns. The restricted stock units will vest and shares of common stock will be issued in conversion thereof on the fourth anniversary of the date of grant, based on a combination of the Company’s cumulative cash earnings per share compound annual growth rate (“Cash EPS CAGR”) over the 2008 through 2011 fiscal years and its consolidated cash flow compound annual growth rate (“CCF CAGR”) over the 2008 through 2011 fiscal years. Specifically, the units will vest on the fourth anniversary of the date of grant in an amount equal to the percentage determined according to the chart below based on the combination of the Company’s Cash EPS CAGR and CCF CAGR over the 2008 through 2011 fiscal years:

	2008-2011 Cash EPS CAGR(1)				
	<10% Cash EPS CAGR	10%-20% Cash EPS CAGR	> 20% Cash EPS CAGR		
Percentage of performance-based restricted stock units vesting in each eligible year	50%	75%	100%	> 20% CCF CAGR	2008-2011 CCF CAGR(2)
	25%	50%	75%	10%-20% CCF CAGR	
	0%	25%	50%	<10% CCF CAGR	

(1) The Company’s cumulative cash earnings per share is calculated by dividing (i) the Company’s adjusted EBITDA less cash interest plus interest income by (ii) the Company’s fully-diluted outstanding shares using the treasury method. Cumulative cash earnings per share is a non-GAAP financial measure which equals operating income plus depreciation, amortization and interest income, minus cash interest. This measure is used by the Company because the Company believes it provides for a more complete analysis of operating performance by presenting an analysis of operations without the inclusion of certain items which do not impact our ongoing operations, such as gains on the sales of assets or the earnings impact of

other capital transactions. Cumulative cash earnings per share should not be considered as an alternative to any measure of performance as promulgated under accounting principles generally accepted in the United States (such as operating income, net income or cash from operations).

- (2) Consolidated cash flow is a non-GAAP financial measure which, as defined in the Company's performance-based restricted stock unit agreement, equals adjusted EBITDA plus pre-opening expenses, non-cash lease expenses and other gains & losses. This measure is used by the Company because it is one of the principal tools used by the Company's management in evaluating the operating performance of the Company's business. Consolidated cash flow should not be considered as an alternative to any measure of performance as promulgated under accounting principles generally accepted in the United States (such as operating income, net income or cash from operations).

Any performance-based restricted stock units that do not vest according to the above vesting schedule will be forfeited, and the units are not eligible for early vesting. Until the performance-based restricted stock units vest and shares of common stock are issued in conversion thereof, the holder will not have any rights as a stockholder of the Company with respect to such shares, other than the right to receive dividends or other distributions (if made). The performance-based restricted stock units permit the holder to defer the issuance of the common stock to be issued upon conversion of the restricted stock units to a specific date in the future or until the holder's termination of employment, whichever comes first. Set forth below are the restricted stock unit awards granted to each named executive officer on February 4, 2008:

<u>Name</u>	<u>Number of Performance-Based Restricted Stock Unit Awards</u>
Colin V. Reed	182,000
David C. Kloeppe	75,000
John P. Caparella	75,000
Mark Fioravanti	20,000
Carter R. Todd	20,000

In addition, the Committee also made awards of stock options to the named executive officers consistent with the philosophy described above. Specifically, the stock options have a delayed vesting schedule in order to encourage retention of the executives through the 2011 fiscal year. The stock options vest over four years as follows:

1st anniversary of grant date	no vesting
2nd anniversary of grant date	1/3 vesting
3rd anniversary of grant date	1/3 vesting
4th anniversary of grant date	1/3 vesting

In addition, the exercise price of the stock options was not determined using the fair market value on the date of grant, as determined by the 2006 Omnibus Incentive Plan, but rather was set at an exercise price which was higher than the fair market value on the date of grant. This reflected the Committee's belief that the Company's stock price was then currently undervalued as well as the Committee's belief that stock options, which provide no value to the holder unless the underlying stock price increases over time, were inherently performance-based and would serve to align the executives' interests to those of the Company's stockholders. In view of the unusual market conditions in existence at the time of the option grants, the Committee further enhanced the performance-oriented nature of the grants by incorporating a "premium" strike price of \$38.00

per share. Set forth below are the stock option awards granted to each named executive officer on February 4, 2008:

<u>Name</u>	<u>Time-Based Vesting Option Grant</u>	<u>Exercise Price</u>
Colin V. Reed	275,000	\$ 38.00
David C. Kloeppel	115,000	\$ 38.00
John P. Caparella	115,000	\$ 38.00
Mark Fioravanti	25,000	\$ 38.00
Carter R. Todd	25,000	\$ 38.00

Each option award is evidenced by a written agreement between the Company and the employee. Prior to the exercise of an option, the holder has no rights as a stockholder with respect to the shares subject to such option, including voting rights and the right to receive dividends or dividend equivalents.

The Committee also determined that, as part of its objective to retain the existing senior management team, including the named executive officers, through 2011, the Company should enter into new employment agreements with each member of its senior executives, including each named executive officer, in place of the employment agreements previously entered into with such individuals. Accordingly, in February 2008 the Company entered into revised employment agreements with each member of the Company's senior executives, including each named executive officer. Generally, these employment agreements have an initial two-year term, with automatic renewal terms of two years each (unless either party provides the other with prior notice of non-renewal). The terms of the employment agreement for each named executive officer, including a description of required severance and/or change of control payments in designated circumstances, are more fully described "Potential Payments on Termination or Change of Control" below.

At its February 4, 2008 meeting, the Committee also reviewed base salaries of the named executive officers with the changes below to be made effective April 1, 2008. The table below summarizes the current base salary levels for the named executive officers:

<u>Name</u>	<u>Base Salary</u>
Colin V. Reed	\$ 910,000
David C. Kloeppel	575,000
John P. Caparella	500,000
Mark Fioravanti	260,000
Carter R. Todd	290,000

At its February 4, 2008 meeting, the Committee also established criteria for 2008 cash incentive plan compensation pursuant to Section 11 of the 2006 Omnibus Incentive Plan. With the exception of Mr. Caparella, each named executive officer will have the opportunity to earn cash incentive compensation equal to the percentage of his 2008 salary set forth in the table below based upon achievement of designated Company adjusted EPS performance goals established by the Committee. Mr. Caparella will have the opportunity to earn cash incentive compensation equal to the percentage of his 2008 salary set forth in the table below based upon both achievement of designated Company adjusted EPS levels and, if the threshold level Company adjusted EPS performance goal is met, achievement of designated net room night booking performance goals for our Gaylord Hotels operating division (and Mr. Caparella's annual cash incentive compensation will be based 75% on the level of achievement of Company adjusted EPS and 25% on the level of achievement of designated net room night booking goals for our Gaylord Hotels operating division).

Level of Achievement of Performance Goals Under Plan	Percentage of Base Salary Payable as Incentive Bonus Upon Achievement of Applicable Performance Goals Under Plan				
	Colin V. Reed	David C. Kloepfel	John P. Caparella	Mark Fioravanti	Carter R. Todd
Threshold Performance Goal	50%	37.5%	37.5%	25%	25%
Target Performance Goal	100%	75%	75%	50%	50%
Stretch Performance Goal	200%	150%	150%	100%	100%

When awarding annual cash incentive compensation in 2008, the Committee will continue to consider whether the named executive officer's individual strategic objectives were met. The Committee also will continue to adhere to the policy that an executive officer is not eligible for annual cash incentive compensation unless he or she achieves a "meets" expectations or greater individual annual performance rating. The Committee continues to have the discretion to lower a participant's annual cash incentive compensation in the event the Committee is not satisfied that the individual satisfied his or her annual performance objectives.

Tax and Accounting Implications

Deductibility of Executive Compensation. As part of its role, the Committee reviews and considers the deductibility of executive compensation under Section 162(m) of the Internal Revenue Code, which provides that the Company may not deduct compensation, other than certain performance-based compensation, of more than \$1,000,000 that is paid to certain individuals. The Company believes that compensation paid under the management incentive plans (except for time-based vesting restricted stock and the currently outstanding restricted stock unit awards) is generally fully deductible for federal income tax purposes. The Committee also believes that the terms of the new employment agreements for its senior management, including each named executive officer, comply with recent Internal Revenue Service guidance with respect to the deductibility of qualified performance-based compensation in light of certain severance rights granted to senior management. However, in certain situations, the Committee may approve compensation that will not meet these requirements in order to ensure competitive levels of total compensation for its executive officers.

Nonqualified Deferred Compensation. On October 22, 2004, the American Jobs Creation Act of 2004 was signed into law, changing the tax rules applicable to nonqualified deferred compensation arrangements. While the final regulations have not become effective yet, we believe we are operating the Supplemental Deferred Compensation Plan in good faith compliance with the statutory provisions which were effective January 1, 2005.

Accounting for Stock-Based Compensation. Beginning on January 1, 2006, the Company began accounting for stock-based payments, including all stock option, restricted stock and restricted stock unit awards, in accordance with the requirements of SFAS 123(R).

- (1) Amounts shown are not reduced to reflect the named executive officers' contributions, if any, to the Company's 401(k) Savings Plan or elections, if any, to defer receipt of salary into the Company's Supplemental Deferred Compensation Plan. Amounts shown are amounts actually paid to the named executive officer during the applicable fiscal year and reflect the impact of a lower base salary for a portion of such year.
- (2) Cash bonuses paid to each named executive officer with respect to the applicable fiscal year are reflected in column (g).
- (3) Represents the proportionate amount of the total value of restricted stock and/or restricted stock unit awards to named executive officers recognized as an expense during the applicable fiscal year for financial accounting purposes under SFAS 123R, disregarding for this purpose the estimate of forfeitures relating to service-based vesting conditions. See Note 11 to our consolidated financial statements for the three years ended December 31, 2007, included in our Annual Report on Form 10-K for the year ended December 31, 2007 filed with the Securities and Exchange Commission on February 28, 2008, for the assumptions made in determining SFAS 123R values. The SFAS 123R value as of the grant date for restricted stock and/or restricted stock unit awards is spread over the number of months of service required for the grant to become non-forfeitable, so the ratable amounts expensed for both grants made in the applicable fiscal year (if any) and for prior-year grants are included in this column.

- (4) Represents the proportionate amount of the total value of option awards to named executive officers recognized as an expense during the applicable fiscal year for financial accounting purposes under SFAS 123R, disregarding for this purpose the estimate of forfeitures relating to service-based vesting conditions. See Note 11 to our consolidated financial statements for the three years ended December 31, 2007, included in our Annual Report on Form 10-K for the year ended December 31, 2007 filed with the Securities and Exchange Commission on February 28, 2008, for the assumptions made in determining SFAS 123R values. The SFAS 123R value as of the grant date for option awards is spread over the number of months of service required for the grant to become non-forfeitable, so the ratable amounts expensed for both the applicable fiscal year grants (if any) and for prior-year grants are included in this column.
- (5) Amounts shown represent amounts paid under the Company's annual cash bonus program described in "Compensation Discussion and Analysis" above. Bonuses for 2007 were calculated and paid based on amounts of base salary received during the year, taking into account adjustments to base salary during 2007.
- (6) The following table sets forth the components of the All Other Compensation amount for each named executive officer in 2007:

NONQUALIFIED DEFERRED COMPENSATION

Supplemental Deferred Compensation Plan

The table set forth below shows the salary deferrals, Company matching obligations, earnings and account balances for the named executive officers in the Company's Supplemental Deferred Compensation Plan. The plan allows eligible participants (including all named executive officers) to defer:

- All or a portion of their annual bonus; and
- Up to 40% of their base salary reduced by the percentage deferred into the 401(k) Savings Plan.

The Company makes matching contributions of 100% of each participant's contributions, up to five percent of the participant's contributions (reduced by the percentage deferred into the 401(k) Savings Plan).

Account balances may be invested in hypothetical investments selected by the executive from an array of investment options mirroring the funds in the Company's 401(k) Savings Plan, with the exception of Company stock. Participants can daily change their investment selections prospectively by contacting the 401(k) Savings Plan's trustee in the same manner that applies to participants in the 401(k) Savings Plan.

When participants elect to defer amounts into the Supplemental Deferred Compensation Plan, they also select when the amounts ultimately will be distributed to them. Distributions may either be made in a specific year — whether or not employment has then ended — or at a time that begins at or after the executive's retirement or separation. Distributions can be made in a lump sum or up to 15 annual installments. However, soon after a participant's employment ends, his or her account balance is automatically distributed in a lump sum — without regard to his or her election — if the balance is \$10,000 or less.

The table set forth below shows the named executive officers' salary deferrals, Company matching obligations, earnings and account balances for the named executive officers in 2007:

Name (a)	Executive Salary Deferrals in Last FY (\$) (b)(1)	Registrant Matching Obligations in Last FY (\$) (c)(2)	Aggregate Earnings in Last FY (\$) (d)(3)	Aggregate Withdrawals/ Distributions in Last FY (\$) (e)	Aggregate Balance at Last FY (\$) (f)(4)

- (1) Of the amount set forth in column (b), the following amounts are reported as compensation in the Summary Compensation Table for 2007: Mr. Reed — \$221,263; Mr. Kloeppel — \$26,427; Mr. Caparella — \$0; Mr. Fioravanti — \$15,041; and Mr. Todd — \$0. The remaining amounts were deferred in connection with the executives' cash incentive bonuses with respect to the 2006 fiscal year which were paid in 2007.
- (2) Of the amount set forth in column (c), the following amounts are reported as compensation in the Summary Compensation Table for 2007: Mr. Reed — \$37,708; Mr. Kloeppel — \$26,427; Mr. Caparella — \$0; Mr. Fioravanti — \$5,597; and Mr. Todd — \$0. The remaining amounts were contributed in connection with the deferrals made with the executives' cash incentive bonuses with respect to the 2006 fiscal year which were paid in 2007.
- (3) None of the amounts set forth in column (d) are reported as compensation in the Summary Compensation Table for 2007 as a result of the fact that above-market or preferential earnings are not available under the plan.
- (4) Of the amount set forth in column (f), the following amounts have previously been reported as compensation in the Company's Summary Compensation Table in 2007 and/or previous years (or would have been reported had the named executive officer been included in the Company's Summary

Compensation Table in all previous years): Mr. Reed — \$2,835,954; Mr. Kloeppel — \$128,900; Mr. Caparella — \$113,161; Mr. Fioravanti — \$123,260; and Mr. Todd — \$238,626.

Supplemental Executive Retirement Plan

Mr. Reed's April 23, 2001 employment agreement with the Company established a Custom Non-Qualified Mid-Career Supplemental Employee Retirement Plan (the "SERP") for Mr. Reed. The initial retirement benefit under the SERP was \$2.5 million, vesting at the rate of 25% per year beginning on April 23, 2001 (fully vesting on April 23, 2005). In 2004, as part of an amendment to Mr. Reed's employment agreement extending his employment term, the Company agreed to adjust the initial SERP benefit for hypothetical investment earnings or losses, based on the performance of one or more mutual funds selected by Mr. Reed. Also as part of this amendment, the Company agreed to pay Mr. Reed an additional retirement benefit under the SERP of \$1.0 million, as adjusted beginning April 23, 2005 for hypothetical investment earnings or losses, based on the performance of one or more mutual funds selected by Mr. Reed. This additional SERP benefit vests at the rate of 20% per year, fully vesting on May 1, 2010.

On February 4, 2008, the Company and Mr. Reed entered into a new employment agreement, with an initial term of two years, with automatic renewal terms of two years each (unless either party provides the other with prior notice of non-renewal). Mr. Reed's new employment agreement provides that if his employment with the Company is terminated for any reason, Mr. Reed would be entitled to receive the initial SERP benefit, as adjusted. In addition, if Mr. Reed's employment with the Company is terminated prior to expiration of his new employment agreement:

- for "cause" (as defined in "Potential Payments on Termination or Change of Control" below), or if Mr. Reed resigns without "good reason" (as defined in "Potential Payments on Termination or Change of Control" below), including by reason of Mr. Reed's retirement, he would not be entitled to any portion of the additional SERP benefit, as adjusted;
- by reason of death or "disability" (as defined in "Potential Payments on Termination or Change of Control" below), Mr. Reed would be entitled to the portion of the additional SERP benefit, as adjusted, vested as of the date of termination;
- without cause, or if Mr. Reed resigns for good reason, he would be entitled to the portion of the additional SERP benefit, as adjusted, vesting within two years of the date of termination; or
- without cause, or if Mr. Reed resigns for good reason, within one year of a "change of control" (as defined in "Potential Payments on Termination or Change of Control" below) of the Company, he would be entitled to the immediate vesting of the entire additional SERP benefit, as adjusted.

See "Potential Payments on Termination or Change of Control" below for an estimate of the potential payout of Mr. Reed's additional SERP benefit, as adjusted, assuming that Mr. Reed's employment was terminated as of December 31, 2007 in each of the circumstances described above. Mr. Reed may elect to receive his SERP benefits, as adjusted, in the form of one lump sum payment or in the form of up to 15 equal annual installments.

The table set forth below shows the salary deferrals, Company matching obligations, earnings and account balances with respect to Mr. Reed's SERP benefit in 2007. For purposes hereof the Company has summarized Mr. Reed's SERP benefit using the disclosure format prescribed by the Securities and Exchange Commission for nonqualified deferred compensation (under Item 402(i) of Regulation S-K) rather than pension benefits due to the fact that this SERP benefit more closely resembles a "defined contribution" award than a "defined benefit" award. This determination was based on the fact that the SERP benefit is based solely on the amounts contributed by the Company to the plan on Mr. Reed's behalf and the hypothetical investment earnings and losses on such contributions attributable to the performance of mutual funds selected by Mr. Reed.

Name (a)	Executive Salary Deferrals in Last FY (\$) (b)	Registrant Contributions in Last FY (\$) (c)(1)	Aggregate Earnings in Last FY (\$) (d)(2)	Aggregate Withdrawals/ Distributions in Last FY (\$) (e)	Aggregate Balance at Last FY (\$) (f)(3)
Colin V. Reed	—	—	\$371,122(2)	—	\$4,457,145(3)

- (1) As described above, the Company has an obligation to pay to Mr. Reed the initial SERP benefit and the additional SERP benefit, as adjusted for hypothetical investment earnings or losses. None of these amounts have been reported as compensation in the Summary Compensation Table for 2007 or previous years.
- (2) Represents hypothetical investment earnings for both the initial SERP benefit and the additional SERP benefit in 2007. None of the amounts set forth in column (d) are reported as compensation in the Summary Compensation Table for 2007 as a result of the fact that above-market or preferential earnings are not available with respect to the SERP.
- (3) Represents the value of both the initial SERP benefit and the additional SERP benefit, as adjusted, as of December 31, 2007. Mr. Reed is fully vested with respect to \$3,857,145 of this amount.

POTENTIAL PAYMENTS ON TERMINATION OR CHANGE OF CONTROL

In February 2008 each of the Company’s named executive officers entered into a new employment agreement with the Company with an initial term of two years, with automatic renewal terms of two years each (unless either party provides the other party with prior notice of non-renewal). Each named executive officer’s employment agreement governs the terms of his cash compensation upon termination. In addition, the provisions of such agreement, his equity incentive award agreements and the terms of the Company’s incentive and other benefit plans provide for the payment of certain amounts to each named executive officer upon termination. Payments of these amounts generally are conditioned upon the officer’s compliance with the other provisions of his employment or severance agreement, which include limitations upon his use and disclosure of confidential information, restrictions on solicitation of employees and interference with the Company’s business opportunities, and an obligation not to compete with the business of the Company for a specified period following termination of employment. Mr. Reed’s previous employment agreement with the Company did not include an obligation on the part of Mr. Reed not to compete with the business of the Company following termination of his employment.

Description of Potential Payments on Termination or Change of Control

The discussion below outlines the amount of compensation payable to each of the named executive officers of the Company in the event of a termination of employment or following a change of control, as stated in each named executive officer’s new employment agreement with the Company. Except as otherwise noted, the discussion below applies to each of the named executive officers.

Payments Made Upon Any Termination of Employment. Regardless of the manner in which a named executive officer’s employment with the Company is terminated, he will be entitled to receive the following amounts:

- accrued but unpaid base salary through the date of termination;
- any unpaid portion of any annual cash bonus for prior calendar years;
- accrued but unpaid vacation pay, unreimbursed employment-related expenses and any other benefits owed to the executive under the Company’s employee benefit plans or policies;
- his vested 401(k) Savings Plan and Supplemental Deferred Compensation Plan account balances; and
- in the case of Mr. Reed, all of his initial SERP benefit, as adjusted, described in “Nonqualified Deferred Compensation — Supplemental Executive Retirement Plan” above.

Payments Made Upon Termination of a Named Executive Officer for Cause. The Company may terminate each named executive officer for “cause”, which is defined as:

- fraud, self-dealing, embezzlement or dishonesty in the course of his employment, or any conviction of a crime involving moral turpitude;
- his failure to comply with any valid and legal Company directive, or any material uncured breach of his obligations under his employment or severance agreement; or
- his failure to adequately perform his responsibilities, as demonstrated by objective and verifiable evidence showing that the business operations under his control have been materially harmed as a result of his gross negligence or willful misconduct.

If a named executive officer were terminated for cause, he would not be entitled to receive any amounts other than as listed under “Payments Made Upon Any Termination of Employment” above.

Payments Made Upon Resignation of a Named Executive Officer without Good Reason. Each named executive officer may resign at any time. If his resignation were not for “good reason” (as defined below), he would not be entitled to receive any amounts other than as listed under “Payments Made Upon Any Termination of Employment” above.

The term “good reason” is defined under each named executive officer’s employment agreement as:

- any adverse change in his position or title (whether or not approved by the Board of Directors), an assignment over his reasonable objection to any duties materially inconsistent with his current status or a substantial adverse alteration in the nature of his responsibilities;
- a reduction in his annual base salary;
- the Company’s failure to pay any portion of his current compensation or vacation pay, or the Company’s failure to continue in effect any material compensatory plan (or an equivalent alternative) in which he may participate;
- a requirement that he permanently relocate his principal place of employment with the Company to another location;
- the Company’s failure to provide him with, or material reduction of, an insurance, retirement savings and other benefits package substantially similar to those enjoyed by the Company’s other senior executives in which he is entitled to participate; or
- a material uncured breach of the Company’s obligations under the employment agreement.

Payments Made Upon Death or Disability of a Named Executive Officer. In the event of a named executive officer’s death or “disability” (defined as a physical or mental incapacity rendering him unable to perform his job duties for 90 consecutive days or for a total of 180 days in any 12 months), he (or his estate, as applicable) would be entitled to:

- all amounts under “Payments Made Upon Any Termination of Employment” above;
- a pro-rata portion of the executive’s annual cash bonus, if any, for the year in which termination occurred;
- receive payments under the Company’s disability insurance or life insurance plans, as applicable;
- the acceleration and immediate release of restrictions with respect to his outstanding restricted stock grants;
- the accelerated vesting of all outstanding stock option awards (with an exercise period equal to the stated expiration date of the awards);
- in the case of Mr. Reed, a pro-rata portion of his additional SERP benefit, as adjusted, described in “Nonqualified Deferred Compensation — Supplemental Executive Retirement Plan” above; and

- in the case of Mr. Reed, continuation of health care coverage at employee rates for Mr. Reed and his spouse until the earlier of their election to terminate such coverage (or non-payment or premiums), their death or the Company’s cessation of health care coverage to its employees.

Payments Made Upon Termination of a Named Executive Officer Without Cause or Resignation of a Named Executive Officer for Good Reason (Other Than Within One Year Following a Change of Control). In the event of a named executive officer’s termination without cause (or resignation for good reason), other than within one year following a designated “change of control” of the Company, he would be entitled to:

- all amounts under “Payments Made Upon Any Termination of Employment” above;
- the following severance payment:

**Mr. Reed,
Mr. Kloepfel and
Mr. Caparella**

two times base salary in the year of termination, plus two times the annual cash incentive bonus for the previous year

**Mr. Fioravanti and
Mr. Todd**

one times base salary in the year of termination, plus one times the annual cash incentive bonus for the previous year

- in the case of Mr. Fioravanti and Mr. Todd, a pro rata portion of the executive’s annual cash bonus, if any, for the year in which termination occurred;
- with respect to the restricted stock unit awards granted on February 4, 2008, a pro rata share (based on a four year vesting period) of such awards in the event performance targets for such award are satisfied on February 4, 2012 or if the award is otherwise vested. In addition, prior to their vesting on February 1, 2008, each named executive officer would have generally been entitled to their 2003 PARSUP Program restricted stock unit awards had they been terminated without cause or resigned for good reason after February 1, 2007;
- the immediate release of all restrictions with respect to the following restricted stock awards:

**Mr. Reed,
Mr. Kloepfel and
Mr. Caparella**

all awards with restrictions scheduled to lapse within two years of termination

**Mr. Fioravanti and
Mr. Todd**

all awards with restrictions scheduled to lapse within one year of termination

- the ability to exercise all stock option awards vested as of termination, as well as the accelerated vesting and ability to exercise the following additional awards:

**Mr. Reed,
Mr. Kloepfel and
Mr. Caparella**

all unvested stock option awards held at termination scheduled to vest within two years of termination

**Mr. Fioravanti and
Mr. Todd**

all unvested stock option awards held at termination scheduled to vest within one year of termination

Mr. Reed, Mr. Kloepfel and Mr. Caparella will have two years from termination to exercise the awards. Mr. Fioravanti and Mr. Todd will have one year from termination to exercise the awards. Additionally, if either Mr. Fioravanti or Mr. Todd is terminated prior to February 4, 2009, he will be entitled to the immediate vesting of 33% of the stock options granted on February 4, 2008;

- in the case of Mr. Reed, that portion of his additional SERP benefit, as adjusted, described in “Nonqualified Deferred Compensation — Supplemental Executive Retirement Plan” above;
- in the case of Mr. Reed, continuation of health care coverage at employee rates for Mr. Reed and his spouse until the earlier of their election to terminate such coverage (or non-payment or premiums), their death or the Company’s cessation of health care coverage to its employees; and

- continuation of a monthly car allowance for, in the case of Messrs. Reed, Kloeppel and Caparella, two years following termination, and in the case of Messrs. Fioravanti and Todd, one year following termination.

Payments Made Upon a Termination Without Cause or Resignation for Good Reason Within One Year Following a Change of Control. In the event of a named executive officer's termination without cause or resignation for good reason, as defined above, within one year following a designated change of control of the Company, he would be entitled to receive:

- all amounts under "Payments Made Upon Any Termination of Employment" above;
- a lump-sum severance payment equal to three times his base salary for the year in which termination occurred, plus a payment equal to three times his highest annual cash incentive bonus for the preceding three years;
- an amount equal to any federal or state excise or other taxes charged to him as a result of the receipt of any change of control payments;
- the immediate release of restrictions with respect to all restricted stock awards;
- the ability to exercise all stock option awards vested as of termination, as well as the accelerated vesting and ability to exercise all unvested stock option awards. Mr. Reed will have two years from termination to exercise the awards, and Messrs. Kloeppel, Caparella, Fioravanti and Todd will have three years from termination to exercise the awards;
- in the case of Mr. Reed, all of his additional SERP benefit, as adjusted, described in "Nonqualified Deferred Compensation — Supplemental Executive Retirement Plan" above;
- in the case of Messrs. Kloeppel, Caparella, Fioravanti and Todd, continuation of health care coverage at employee rates for a period of three years following termination, as well as continuation of a monthly car allowance and an annual allowance for financial planning assistance and executive physical examination fees for three years following termination; and
- in the case of Mr. Reed, (i) continuation of a monthly car allowance for three years following termination and (ii) continuation of health care coverage at employee rates for Mr. Reed and his spouse until the earlier of their election to terminate such coverage (or non-payment of premiums), their death or the Company's cessation of health care coverage to its employees.

Under the terms of each named executive officer's employment agreement, a "change of control" is deemed to occur if:

- any person, other than the Company, a wholly-owned subsidiary, a benefit plan of the Company or certain affiliates, becomes the beneficial owner of 35% or more of the outstanding voting stock of the Company;
- a majority of the incumbent members of the Board of Directors cease to serve on the Board without the consent of the incumbent Board;
- following a merger, tender or exchange offer, other business combination or contested election, the holders of the Company's stock prior to the transaction hold less than a majority of the combined voting power of the surviving entity; or
- the Company sells all or substantially all of its assets.

Summary of Potential Payments on Termination or Change of Control

The tables below estimate the potential payments upon termination or a change of control of the Company for each named executive officer, assuming that the new employment agreement for each named executive officer was in effect as of December 31, 2007, the triggering event took place on December 31, 2007, and the price per share of the Company's common stock was \$40.47 (the closing price per share of the

Company's stock on December 31, 2007). The table below does not take into account the restricted stock units and stock options awarded to each named executive officer on February 4, 2008. The actual amounts to be paid out to a named executive officer can only be determined at the time of the named executive officer's termination of employment with the Company.

**RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP
AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

Information About Our Independent Registered Public Accounting Firm

The Audit Committee has appointed Ernst & Young LLP as our independent registered public accounting firm. This appointment has been submitted for your ratification. If you do not ratify the appointment of Ernst & Young LLP, the Audit Committee will reconsider their appointment. Ernst & Young LLP has served as our independent registered public accounting firm since 2002. Representatives of Ernst & Young LLP will attend the Annual Meeting and will have an opportunity to speak and respond to your questions.

The following table presents fees for audit, audit-related, tax and other services rendered by Ernst & Young LLP, our independent registered public accounting firm, for the years ended December 31, 2007 and 2006:

The fees for audit services during 2007 and 2006 include fees associated with the audit of our consolidated financial statements, including the audit of internal control over financial reporting under Section 404 of the Sarbanes-Oxley Act, issuances of comfort letters and assistance with documents filed with the Securities and Exchange Commission and reviews of our 2007 and 2006 quarterly financial statements. Fees for audit-related services in 2007 consist of work performed in connection with separate audits of the financial statements of disposed operations. Fees for tax services relate to tax compliance matters, tax advice and planning, and tax assistance with transactions contemplated or completed by us during 2007 and 2006. There were no fees for other services provided by Ernst & Young LLP in 2007 or 2006. Ernst & Young LLP did not provide professional services during 2007 or 2006 related to financial information systems design and implementation.

Audit Committee Pre-Approval Policy

All audit, audit-related services, tax services and other services were pre-approved by the Audit Committee, which concluded that the provision of such services by Ernst & Young LLP was compatible with the maintenance of that firm's independence in the conduct of its auditing functions. The Audit Committee's pre-approval policy provides for pre-approval of audit, audit-related services, tax services and other services specifically described by the Audit Committee on an annual basis, and individual engagements anticipated to exceed pre-established thresholds must be separately approved. The policy also requires specific approval by the Audit Committee if total fees for audit-related and tax services would exceed total fees for audit services in any fiscal year. The policy authorizes the Audit Committee to delegate to one or more of its members pre-approval authority with respect to permitted services.

Approval of this proposal requires the affirmative vote of a majority of the shares represented in person or by proxy and entitled to vote on the matter. If you abstain from voting on the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm, your abstention will have the same effect as a vote against the proposal. Broker nonvotes will not affect this proposal, provided that a quorum has been established. However, as discussed elsewhere in this proxy statement, both abstentions and broker nonvotes will factor into the determination of the existence of a quorum.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE "FOR" THE RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM.

AUDIT COMMITTEE REPORT

The following Report of the Audit Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent the Company specifically incorporates this Report by reference therein.

The Audit Committee operates under a written charter adopted by the Board of Directors on February 4, 2004. The charter can also be found on the Company's website at www.gaylordentertainment.com under "Corporate Governance" on the Investor Relations page. The charter is also available in print to any stockholder who requests it by making a written request addressed to Gaylord Entertainment Company, Attn: Corporate Secretary, One Gaylord Drive, Nashville, Tennessee 37214. During the fall of 2007 the Audit Committee conducted a self-evaluation in order to assess the effectiveness of the Committee, and at its November 2007 meeting the Audit Committee members discussed the results of the self-evaluation process.

The Audit Committee reviews the financial information provided to stockholders and others, oversees the performance of the internal audit function and the system of internal control over financial reporting which management and the Board of Directors have established, oversees compliance with legal and regulatory requirements by the Company and its employees relating to the preparation of financial information and reviews the independent registered public accounting firm's qualifications, independence and performance. As part of its oversight of the Company's financial statements, the Audit Committee has:

- reviewed and discussed the Company's audited financial statements for the year ended December 31, 2007, and the financial statements for the three years ended December 31, 2007, with management and Ernst & Young LLP, the Company's independent registered public accounting firm;
- discussed with Ernst & Young LLP the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees, as modified or supplemented; and
- received the written disclosures and the letter from Ernst & Young LLP required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, and has discussed with Ernst & Young LLP its independence.

The Audit Committee also has considered whether the provision by Ernst & Young LLP of non-audit services described in "Ratification of the Appointment of Ernst & Young LLP as Our Independent Registered Public Accounting Firm — Fee Information" above is compatible with maintaining Ernst & Young LLP's independence.

The Audit Committee's review and discussion of the audited financial statements with management included a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements. In addressing the quality of management's accounting judgments, members of the Audit Committee asked for management's representations that the audited consolidated financial statements of the Company have been prepared in conformity with generally accepted accounting principles and have expressed to both management and Ernst & Young LLP their general preference for conservative policies when a range of accounting options is available.

In performing these functions, the Audit Committee acts in an oversight capacity. The Audit Committee does not complete all of its reviews prior to the Company's public announcements of financial results and, necessarily, in its oversight role, the Audit Committee relies on the work and assurances of the Company's management, which has the primary responsibility for financial statements and reports, and of Ernst & Young LLP, which in its report expresses an opinion on the conformity of the Company's annual financial statements with generally accepted accounting principles.

In reliance on these reviews and discussions and the report of the independent registered public accounting firm, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2007, for filing with the Securities and Exchange Commission.

AUDIT COMMITTEE:

R. BRAD MARTIN, CHAIRMAN
MICHAEL J. BENDER
E. K. GAYLORD II
RALPH HORN

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's executive officers and directors and persons who beneficially own more than 10% of the outstanding shares of the Company's common stock to file reports of ownership and changes in ownership with the Securities and Exchange Commission and the New York Stock Exchange. Based solely on our review of those forms and certain written representations from reporting persons, we believe that in 2007 all of our executive officers, directors and greater than 10% beneficial owners were in compliance with all applicable filing requirements.

If you want to bring business before the 2009 annual meeting which is not the subject of a proposal submitted for inclusion in the proxy statement, our Bylaws require that you meet the eligibility requirements of Rule 14a-8 promulgated under the Securities Exchange Act of 1934 and deliver a notice in proper written form to our Secretary by February 5, 2009, but not before January 6, 2009 (or, if the annual meeting is called for a date that is not within 30 days of May 6, 2009, the notice must be received not earlier than the close of business on the 120th day prior to such annual meeting and not later than the close of business on the later of the 90th day prior to such annual meeting or the 10th day following the day on which notice of the date of the annual meeting was mailed or public disclosure of the date of the annual meeting was made, whichever first occurs). If you bring business before the 2009 annual meeting but the presiding officer of that meeting determines that you did not notify us of that business within the required time period, then the presiding officer will declare to the meeting that your business was not properly brought before the meeting and your business will not be transacted at that meeting.
